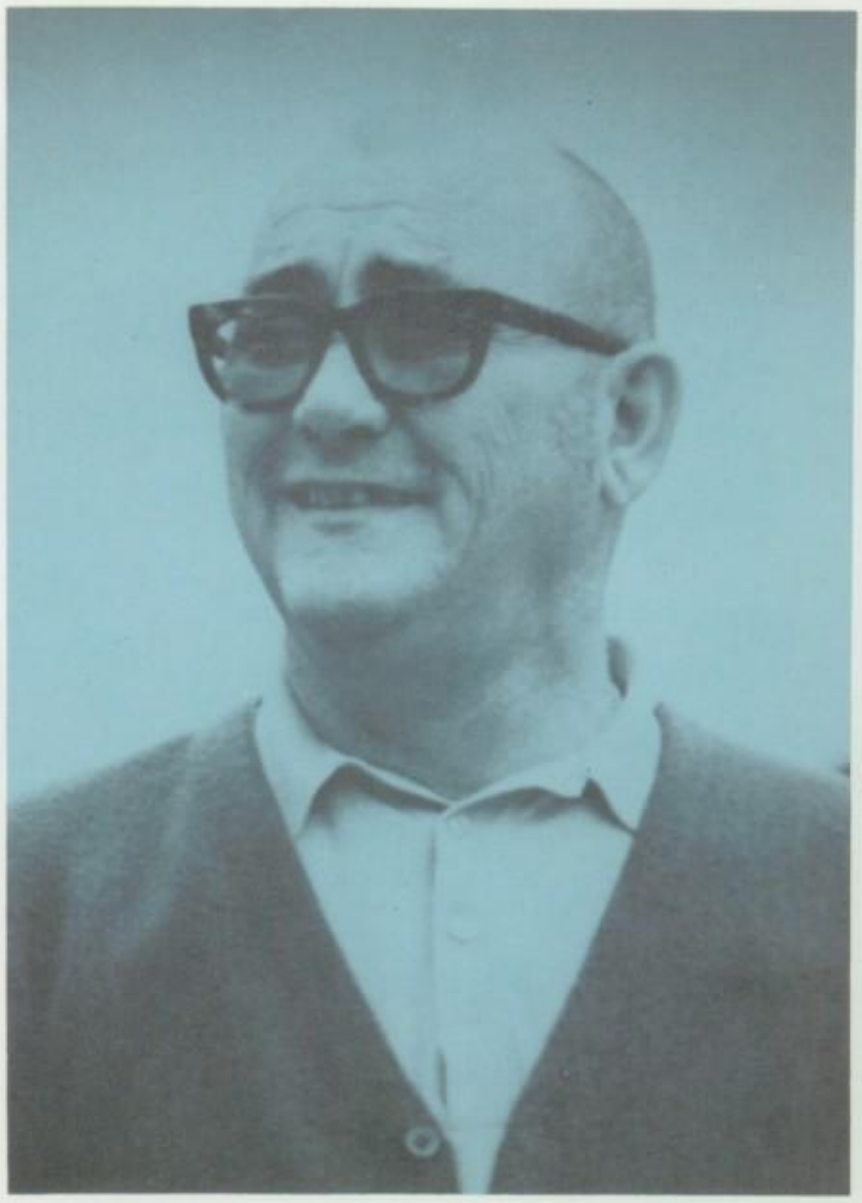
Our lives take place . . .



If a single word could be utilized to sum up Jack Dailey's outlook on life, that word would have to be humanitarianism, for he was a man who made people his hobby.

Jack was born in Idaho State on February 4, 1925. During his career in the teaching field he worked in virtually every level of the educational structure from grade school to the Senior high level. In 1970 he opened Ferron Elementary School and served as the principal for three years. Mr. Dailey began teaching at Chaparral in February of 1973. During his initial semester, he helped institute changes that benefitted the students and the faculty.

Jack was a person who rarely lost his temper in his profession, and his ever-present sense of humor, coupled with an understanding of others, made it easy for him to make friends. A love for the out-of-doors sparked a liking for fishing and baseball, but a foot injury made the latter sport out of his limits. It was on a fishing trip in September of 1974 that Jack Dailey lost his life when a flash flood struck that point of Lake Mojave known as Nelson's Landing, some forty miles out of Las Vegas.

The staff of this Yearbook sincerely regrets the loss of a fine teacher and an understanding human being, and we extend our condolences to Jack Dailey's wife, also a teacher, and his daughter Julie, a graduate of Valley High School.

Congratulations Chaparral's First Graduating Class

Starting way back years ago,
when you were not too old,
You went into a brand new world;
T'was school you were told.
And in the twelve years since then,
times have been fun and sad;
Many memories of all kinds
We're certain you have had.
Then one day someone said,
(and it did come to pass)
"A brand new school you will attend,
and be the oldest class."
We find it's two years later,
Time did so quickly fly,
We tell you we will miss you,
It's hard to say good-bye.
Now once again you're starting
into a different life;
There will be days of happiness
And also days of strife.
That world out there is waiting.
You'll find it's all brand new.
We send you out there with our love . . .
Make it work for you.

OFF STAGE ACTION

Student Council is designed to unite the Student Body,

grant club charters, oversee activities, and to present the students' ideas to the administration. They have organized spirit competition, a fight song, our first homecoming, a school emblem, and school mascot. Mike Arcamuzi has some advice he wishes to give to future councils: "Analyze the problems and consider all people involved. Organization is the key to success."

Clockwise From Top Left: **Chaparral's second Student Body president, Mike Arcamuzi; Student Council Executive Members,** Top Row: **Greg Pico, Shirley Smith, Bob Cox, Mike Arcamuzi, Kim Sollee, Dawn Acocella, Garry Hayes, Kim Rowley.** Second Row: **Leslie Swanson, Leon Levitt, Ned Hill.** Opposite Page: **Mike Arcamuzi, President; Kim Rowley, Secretary-Treasurer; Garry Hayes, Vice-President.**

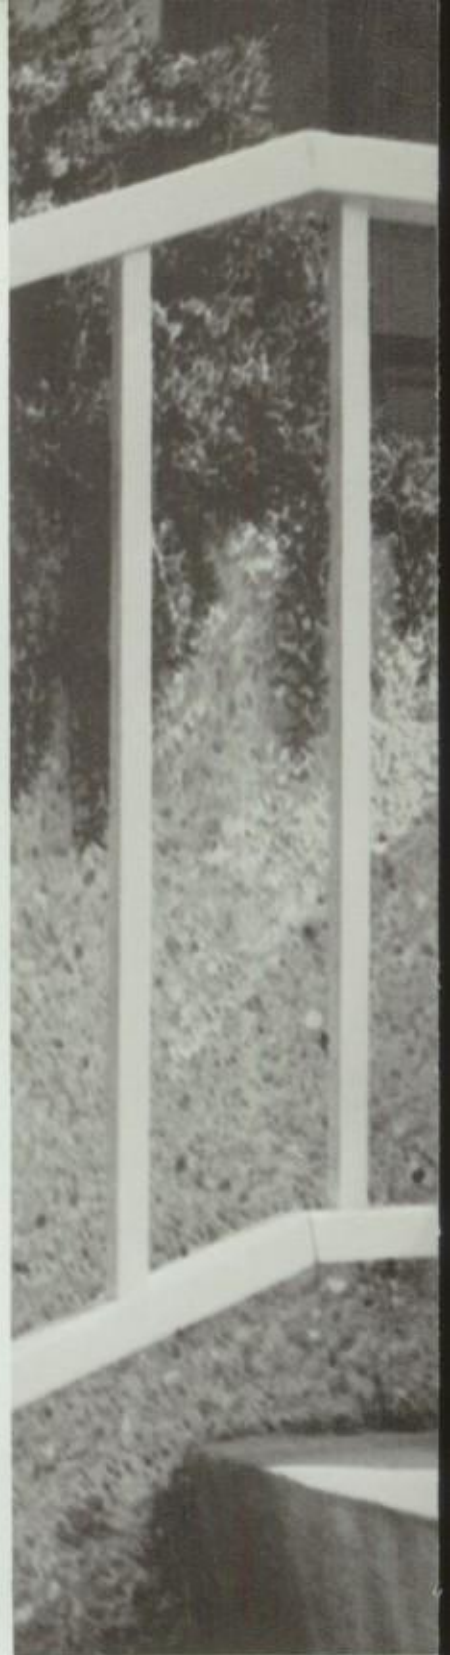
Results of the most beautiful body contest produces the ideal(?) Chaparral Student?

Chaparral participates in national Miss Drill Team tournament.

Over four thousand students took part in the Santa Monica tournament held Feb. 8. Chaparral's Stage Band, Drill Team, Song Leaders, Varsity Cheerleaders and Flag Twirlers competed with schools from many sections of the United States. Cathy Lucas represented Chaparral as the Miss Drill Team contestant. Schools came as far as from Arlington, Virginia to participate. Finals were held in the L.A. Sports Arena where contestants had the opportunity to see the Nation's finest squads.

Chaparral recognizes the top academic graduating seniors.

Valedictorian, John Madsen



Mary Glenn, Valedictorian

Mike Levin, Salutatorian

Eileen Mendelson liked to square dance and ride horseback. She was born in New York and moved recently to Las Vegas. She was fourteen years old, a Sophomore at Chaparral, and a member of the Pep Club. Eileen died in a car accident on December 2, 1974.

Academics, Clockwise From Top Left: **Peter DeSantis learns about communications skills in Marriage and Family class; Denise Baca works on a wall hanging in Fabric Arts; Wilma Owens looks over her Psychology paper; Dennis Olsen tunes up in Varsity Band; John Studebaker seeks perfection in woodshop; Tonna Schofield discusses a problem with Mrs. Meyer.**

Sun Youth Forum gets students out of school

a full day to meet with other county students at the Convention Center and discuss one of the offered topics such as Teenage Problems, Education, or Civil Rights. At the end of each group's discussion, members voted on a finalist—to summarize the groups findings on the topic discussed in either the Sun newspaper or on TV. Chaparral is proud to have had two of the fourteen finalists.

Students who are fortunate enough to play a part in opening a new high school have an opportunity to set tradition for the school for a long time to come; perhaps for a period of fifty years.

At Chaparral the 2400 students enrolled, including the class of 1975, have set a tone of community service and a tradition of enthusiasm and progress that should endure for many years. Already the first trophy in athletics has been brought home- a first place for the girls' golf team in zone competition this year. As of this writing, the Cowboy wrestling team stands in first place in the Southern Zone and is looking forward to adding new honors to the school.

The drill team won first place in competition at the University of Nevada, Las Vegas. The band, mixed chorus, and girls' glee club have earned superior ratings both locally and in competition in California.

So far thirty-eight clubs and organizations serve both the school and the community and all of them were organized by students. Community service projects have been numerous, including the novel service provided by the Fishing Club in organizing fishing parties for the blind and for the students of Helen J. Stewart School.

Chaparral shares with Eldorado the honor of being first in the state with a Naval ROTC unit-a program that holds promise for all students regardless of future military service. Interestingly, one of the major issues of the 1975 state legislature was the Equal Rights Amendment. However, Chaparral's NROTC unit has included girls since its inception in 1973.

You and your fellow graduates will leave a strong foundation and an enviable legacy to those who come after you. I sincerely hope that the students who follow you at Chaparral High School will carry on the traditions established by you, the first graduating class-1975.

STARRING SENIORS

"A year of change and growth is closing, and the Seniors are soon to find new roads in life. What goes with them, I hope, are several golden memories which the Senior Class Officers have tried to establish. It remains to be seen what will happen to the class of '75, but if we wish, we'll meet again in '85."—Denise Gammon.

"To the first and finest graduating class of Chaparral High School, I would like to congratulate each and every one of you for helping us build the traditions that will be at Chaparral for years to come. We can always say we were the Super Seniors of '75!"—Rick Otis

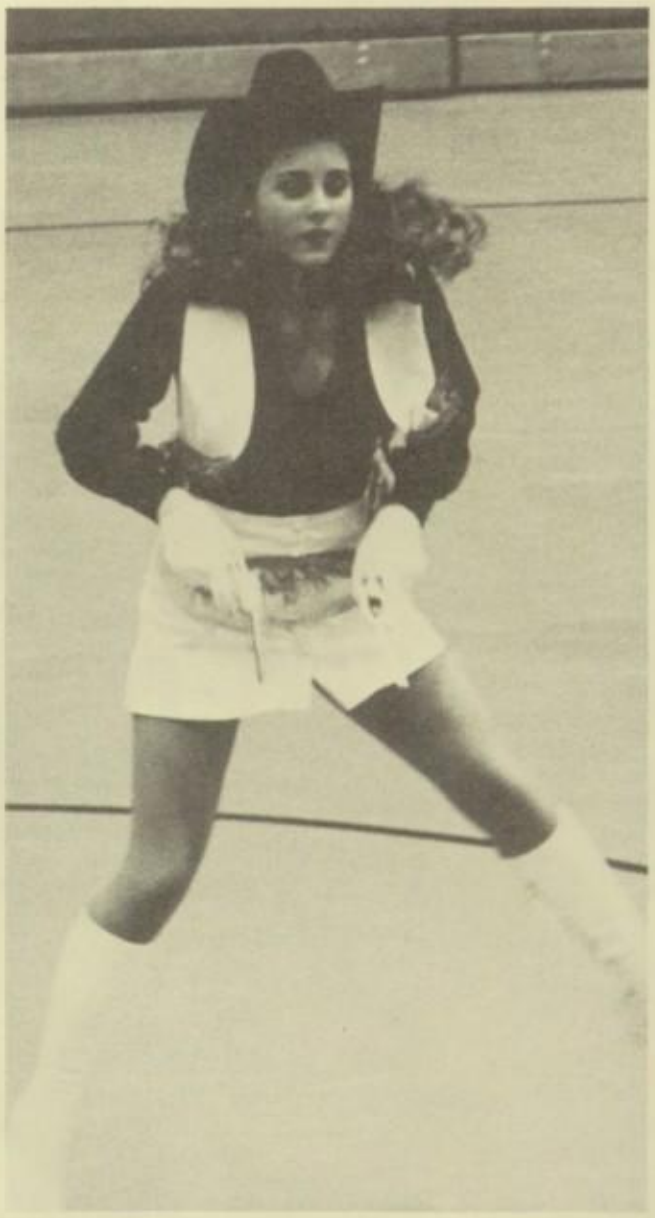
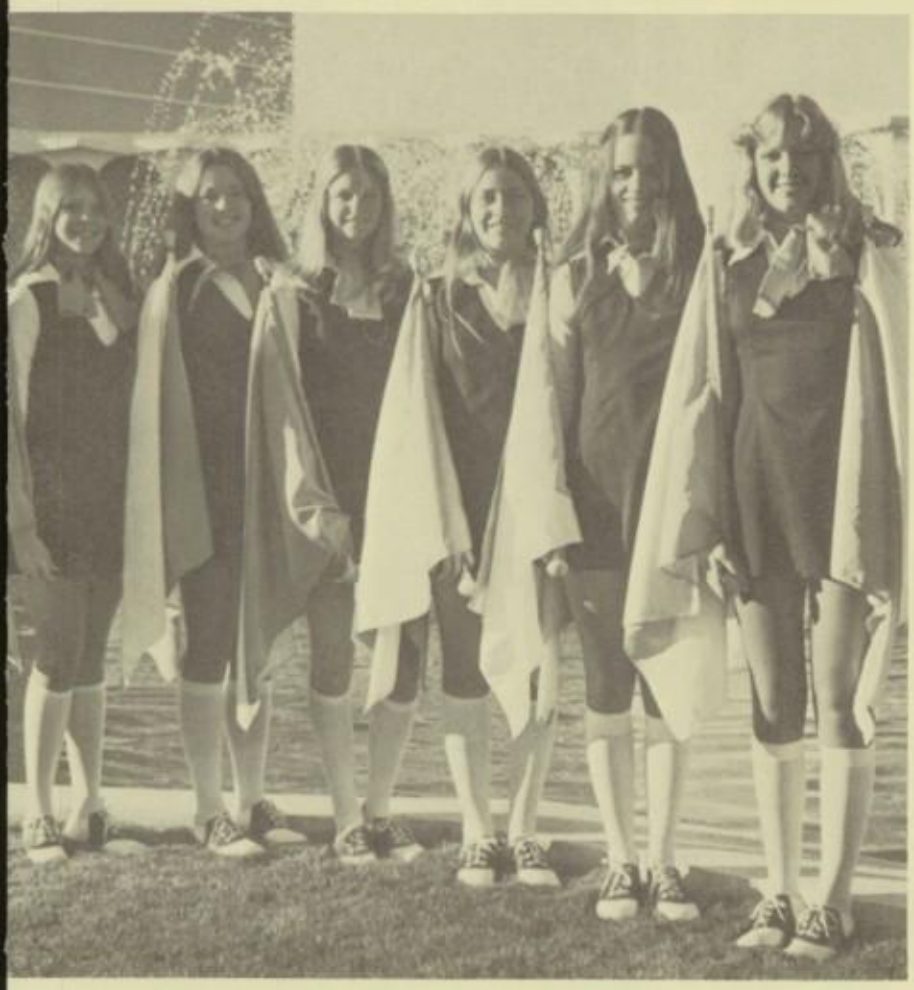
Being a Caballera is not all flashy costumes, cowboy hats and smiles.

The Caballeras began the 74-75 school year with a Superior Trophy from the Santa Barbara Speciality Drill Team Camp. They not only perform for Chaparral's football and basketball games, but have provided half-time entertainment at U.N.L.V. Under the direction of Mrs. Walker, the Caballeras plan to capture more honors this year at the Miss Drill Team U.S.A. competition. Long hours of practice go into the perfect routines seen by students. Their opening performance this year provided students with a preview of the talent Chaparral is proud of.

Drill teamers strut their stuff in a fine assembly performance.





Not Flagtwirlers, but the Lariattes.

This group of flagtwirling girls was formed earlier this year to perform at football and basketball games. A precision flag twirler from San Diego State taught the members how to twirl. To save money for the planned trips to California for competition and flag twirling camp to perfect their methods, the group made their own uniforms and flags and also sold pennants. The advisors for the Lariattes are Mrs. Koot and Mrs. Ware.

Freshmen Basketball Team conquers all!

In January, the Freshman team was 8-0 having won the Gorman Basketball tournament during the Christmas Holidays. At a recent assembly, Jan. 10, 1975, Mannion, Burns and Thompson presented the trophy to Mr. Olsen and Chaparral High.

The team was a lot of raw talent and will try to maintain the undefeated tradition instigated by the 9th grade football team. The closest game was against Gorman when the score was 49-48. The team rallied in the last quarter and held on to win the game.

This team is led by John Mannion and Greg Thompson who are the hopes of future Chaparral Basketball. The team is coached by Art Moroyoqui.

The sky is the limit with Chaparral wrestling.

In dual meet competition, the Chaparral Cowboys have posted a 10-0 record this season, including wins over Rancho (63-3), Gorman (44-13), and Clark (29-28). The second year wrestlers won the 13-team Western Takedown Tournament and the 16-team Chaparral Invitational Tournament as well as a second place finish at Arizona's 16-team Kofa Invitational Tournament. In the three tournaments Chaparral wrestlers compiled a total of 327 1/2 points and they wrestled against teams from Utah, Arizona, and California. As a result of tournament competition, the Cowboys had 10 individual champions, 8 second place finishers, and 9 third place finishers.

"Our program is rooted in hard work, dedication and motivation. We strive to build character and stamina in each young man in the program. Wrestling is a sport that requires a great deal of sacrifice, and its only immediate rewards are through winning. We are working hard to be the best and to make winning a habit at Chaparral.

I would like to thank you one and all for your outstanding support, don't let up . . . Ride on Cowboys!!" Dennis Finfrock.

Varsity Quiz knows a lot about everything.

The Chaparral Varsity Quiz team consists of thirteen students who meet weekly to prepare for television competition between local high schools. The shows are patterned after the old College Bowl Quiz games, where students made quick responses to questions of general interest. The champion team from Las Vegas competes in the Kiwanis Bowl held annually in Orange County, California.

Debate club promotes individual confidence.

The club which is also a class gives students an opportunity to develop public speaking ability on various issues. This years topic for debate is the National Convention and Primary system. Students also have competition in impromptu and extemporaneous speaking, programmed reading and creative description.

This Spring the debate club participated in the Mustang Shebang in Mira Costa, California seventh annual invitational tournament.

Mr. Kimak, the advisor, says that the Debate class is a good way to learn persuasive speech for students who are interested in the field of law.

Students in Politics get involved

with the workings of politics-the mass phone campaigning, barbeques, distribution of posters, and other campaign materials. This club worked for many state and local candidates last election. The group also held an election here at school to see how the students votes would compare with the actual state vote.

Sidekicks involved in human relations

The Human Relations Club is a committee formed to find out the needs of those people who have been neglected or left out of what is happening today. This year the group visited convalescent homes and talked to the elderly people there, "To make them feel that they are a great part of human society and that they are needed in many ways." They also had a food drive similar to the one they sponsored last year, "We asked other clubs to donate canned goods and we donated them to a very needy family." This is what human relations means to the Sidekicks, people helping other people to help themselves.

Cowboys Against Pollution feel earth can be saved

from pollution by student involvement. Cowboys Against Pollution went on a fall trip to Mt. Potosi in October. The group planned to go to the L.A. area in May. CAP works to help the local ecology by planting trees here at Chaparral and in the mountains, recycling aluminum cans, bottles, and newspapers, and by participating in the Spanish Club Festival and the Mardi Gras. The club hoped to bring more awareness of ecological problems to the student body.
